**Pretty Awesome!**

Kalle, the cat, thinks all of the other animals are stupid. The elephant is too big...just stupid. The mouse is too small...really stupid. The penguin is too fat, the butterfly is too colorful, and the crocodile has too many teeth. STUPID! With this in mind, soon Kalle won't have any friends, but luckily the other animals have a pretty awesome idea.

Nanna Prieler's new picture book is full of wit and luminous colors. In her candid and direct voice, she also makes a strong case for tolerance and diversity.
